

## Explosion Proof ATEX / IECEx Apple iPad Mini 5 for Zone 1 (Self sim-card installation and functional push buttons)

Explosion Safety	CEEx II 2G ; Ex db IIC T4 Gb
------------------	------------------------------

All new from Atexxo Manufacturing B.V., the Apple iPad Mini 5 now suitable for use in Zone 1 hazardous locations. The explosion proof iPads are originally manufactured by Apple, then converted and certified according to ATEX and IECEx by Atexxo Manufacturing B.V. This makes the tablets suitable for safe use in gas/vapor Zone 1 hazardous locations. ATEX Zone 1 is the European equivalent for US, NEC Class 1 Division 1 equipment. (C1D1)

Compliance with ATEX / EX regulations is achieved by modification of the casing together with the safe electrical circuit, which makes the tablets suitable for safe use in Zone 1 hazardous locations. All features of the original product are preserved. Even the front home button can be used safely at hazardous locations.

The ATEX iPad Mini 5 Zone 1 comes with an aluminum case finish and is available for both the WiFi only model and the WiFi + Cellular 4G models. Besides safe use as smart tablet, both versions are excellent for safe video or photo camera use with WiFi/4G connection.

ATEX / IECEx Zone 1 iPad Mini 5 for Zone 1 & 2

### Benefits:

- Self Sim-Card installation
